One Body

[14] For indeed the body is not one member but many. [15] If the foot says, “Because I am not a hand, I do not belong to the body,” does it therefore not belong to the body? [16] And if the ear says, “Because I am not an eye, I do not belong to the body,” does it therefore not belong to the body? [17] If all the body was an eye, where would be the hearing? If all hearing, where would be the smelling? [18] But now Elohim has set the members, each one of them, in the body, even as He pleased. [19] And if they all had been one member, where would the body be? [20] And now, there are indeed many members, but one body.
